"Panel Discussion: Cybersecurity and Data Privacy," Oregon Law and Technology Society

Speaking Engagement
March 12, 2024
University of Oregon School of Law

Today, Hospitality and AI attorney Erin Snodgrass will be a key participant in a panel discussion hosted by the University of Oregon School of Law. This event, featuring a select group of distinguished professionals, is dedicated to unraveling the complexities of cybersecurity in today's rapidly evolving digital landscape, with a particular focus on its repercussions for the legal community.

Erin will delve into crucial topics, including the critical role of cybersecurity knowledge in legal practice, the intersection between technology and law, recent advancements in cybersecurity law and the realities of working in such a dynamic area. She will also highlight the day-to-day and broader aspects of working in this field, touching upon everything from client interactions to achieving a work-life balance.

This event offers a unique opportunity for students and professionals alike to connect, share ideas, and foster growth in the burgeoning field of cybersecurity and data privacy law.
