

FAQs About EOAs: Economic Opportunity Analysis – Industrial Lands

Seminar

August 10, 2011 | 4:00 p.m. - 6:30 p.m.
Garvey Schubert Barer, Portland, OR

Please join us at 4:00 p.m. on August 10, 2011 for an in depth discussion about economic opportunities analyses (EOA). EOAs are used to measure the supply and demand for industrial sites within a jurisdiction's boundaries.

Find out the answers to these questions:

How will the July 13th, 2011 McMinnville decision (*1000 Friends v. LCDC*) impact the process that local governments use to locate industrial lands?

What does the passage of SB 766 mean for you?

How do EOAs tie into UGB expansions?

What lessons can we learn from recent Goal 9 and UGB expansion cases?

Bring your own questions too. We look forward to a lively discussion!

Join us for a short class and a reception – the perfect opportunity to mingle with other like-minded individuals passionate about land use planning in Oregon. Should you be unable to attend in person, participation by phone is available. Please indicate when making reservations.

AICP .75 Law-credit CM approved.
