

"Are Robots Fixing Prices?" 2024 AHLA Global Technology 100 Meeting

Speaking Engagement
June 2024

[Mike Vaska](#) and [Greg Duff](#) recently presented a talk about artificial intelligence, price fixing and antitrust in New York to industry leaders of the [American Hotel & Lodging Association's](#) Global Technology 100.

Their presentation titled "Are Robots Fixing Prices?" addressed issues arising from several private class actions and government investigations into algorithmic pricing in hospitality, real estate and other industries.

AHLA is the largest hotel association in the U.S. The AHLA Global Technology 100 Meeting is a leadership group that aims to drive transformative advancements in the hospitality industry.

Mike Vaska is a Principal at Foster Garvey with more than 30 years of experience representing clients in complex business disputes, including counseling on all aspects of antitrust and competition law issues. Greg Duff is a nationally recognized attorney and leader in the hospitality industry.
