Of Counsel Eva Novick was recently featured in an article on the Brandeis University Alumni News Network, her alma mater, regarding how her experience networking with a fellow alum led to landing her current role at Foster Garvey. She states: “I kept receiving reminders to sign up [for B Connect],” she explained when I asked her how she found me, “and when I did, I found your profile, which was a good fit for me in the right area.”

The article further highlights how her initial outreach to a Brandeis alum led her down a path of connecting with a lawyer in her preferred practice area of data privacy and tech to identify her career path forward, which ultimately resulted in practicing as a privacy lawyer for the firm.
