

Rescript Your Career Story: Balancing Your 'Want To Do' List With Your 'Have To Do' List

Greenbaum, Rowe, Smith & Davis LLP, Iselin

March 6, 2018

Event Sponsor: Greenbaum, Rowe, Smith & Davis LLP Women's Leadership Forum

We often set professional goals for ourselves, just to watch them go by the wayside because we have too many other responsibilities that take priority.

Perhaps you've been dreaming of going back to school, earning a certification, or exploring a new area in your field. Or maybe you're stuck in a professional rut and can barely remember doing what you really love doing!

Join us for an empowering presentation on setting and achieving your personal and professional goals and fulfilling your ambitions.

Our speaker will be Colleen Georges, Ph.D., a dynamic life and career coach and published author whose work emphasizes the techniques of positive psychology.
