Employers throughout New Jersey, from companies of all sizes, are formulating strategies to comply with the numerous and important changes that are a result of recent legal and regulatory developments related to employment matters.

New requirements have left many business owners, and finance and human resource professionals, searching for clarity as to how their employment policies and business operations will be impacted, and what steps they should be taking now to avoid problems going forward.

The afternoon will begin with an interactive panel presentation by the Co-Chairs of our firm's **Employment Law Practice Group**, **Thomas C. Senter** and **Maja M. Obradovic**, as well as Practice Group members **Jemi Goulian Lucey** and **Justin P. Kolbenschlager**.

Our speakers will focus on key issues of concern to New Jersey employers, including:
