**Gary S. Forshner**, co-Chair of the firm's Redevelopment & Land Use Department, will be on the faculty for "The Land Use Institute," a comprehensive annual program presented by the New Jersey Institute for Continuing Legal Education. This year's presentation will be held on Wednesday, December 12, 2018 from 9:00am – 4:00pm at the New Jersey Law Center, in cooperation with the NJSBA Land Use Section and the New Jersey Chapter of the American Planners Association.

Every year, the Land Use Institute bring together attorneys, planners, and municipal officials for thoughtful discussions about how land use regulations impact New Jersey. This year's program focuses on the pesky, reoccurring problems faced by land use practitioners, and offers thoughtful "Hot Tips" for resolving them.

Mr. Forshner concentrates his commercial real estate practice in the areas of land use, zoning, real estate development and redevelopment. He represents local, national and international developers, property owners and other business clients engaged in mixed use, residential, industrial, office, retail and affordable housing development projects. Mr. Forshner provides sophisticated counsel and guidance across all phases of the project life cycle, including land use planning and approvals, permits and variances, appearances before municipal, county and state boards and agencies, and appeals of unfavorable land use decisions. He is a past Chair of the New Jersey State Bar Association Land Use Section.
