Thomas C. Senter, partner and Co-Chair of the firm's Employment Law Department, will be on the faculty for the live webinar "Hot Topics in Group Health Plan Administration," to be presented by The Knowledge Group on Tuesday, June 8, 2021 from 12:00pm – 1:30pm.

Group health plans are governed by a number of state and federal laws including the Health Insurance Portability and Accountability Act (HIPAA), the Employee Retirement Income Security Act (ERISA), and the Consolidated Omnibus Budget Reconciliation Act (COBRA). The numerous requirements imposed by these laws and other rules pose significant challenges for employers in administering compliant plans.

Employers and their advisors should be well versed in addressing the compliance issues that may arise. This presentation is oriented towards employers, human resources personnel, insurance and third-party administrators (TPA), and attorneys. The speakers will engage in an in-depth discussion of the key developments and significant topics in today's administration of group health plans, also providing focused insight as to what practitioners should consider in the COVID-19 era.

Key topics to be addressed include:

- Surprise Medical Billing
- Provider Fee Disclosure
- Managing the Claims Procedure for Out of Network Claims
- Assignment of Benefits
- Association Health Plans
- State v. Federal Laws Related to Gender Identity
- Best Practices in ACA Compliance
