

Generator-Related Issues Under RCRA

Golden Inn Hotel & Resort, Avalon, NJ

June 26, 2015

Event Sponsor: NJ State Bar Association Environmental Law Section and NJ Institute for Continuing Legal Education

Daniel Flynn will participate at the 2015 Environmental Law Section Forum Weekend presented by the NJ State Bar Association Environmental Law Section and the NJ Institute for Continuing Legal Education, from June 26 to June 28 in Avalon, NJ. Mr. Flynn will be a panelist at the seminar “Generator-Related Issues Under RCRA.”

Mr. Flynn’s practice focuses on the environmental aspects of real property and business transactions, site remediation projects, environmental litigation management and avoidance, and compliance with environmental health and safety (EHS) regulations. In addition to providing guidance on environmental laws such as the Resource Conservation and Recovery Act (RCRA) and Comprehensive Environmental Response, Compensation and Liability Act (CERCLA), Mr. Flynn’s experience encompasses environmental compliance and risk management associated with workplace safety and product stewardship laws including the Occupational Safety and Health Act (OSHA) and the Toxic Substances Control Act (TSCA), as well as related common law tort principles.

Mr. Flynn also counsels clients on corporate compliance related matters, including the development and implementation of effective compliance and ethics programs. His experience in this area includes drafting corporate compliance-related policies, training corporate employees on compliance-related requirements, investigation of corporate non-compliance allegations and due diligence reviews of third parties to assure compliance with the Foreign Corrupt Practices Act.

Mr. Flynn is a member of the Board of Directors of the Environmental Law Section and served on this year’s Forum Program Committee.
