Sarah Miller presented at the 2020 Cornell Cooperative Extension Eastern NY Fruit & Vegetable Conference in Albany on February 26th. She joined co-presenters Tim Stanton (Feura Farm) and Mike & Megan Swartz (Swartz Dairy and Produce) for the "Lessons Learned About Agritourism - our experiences over the years" session.

Sarah's topic was on the Safety in Agricultural Tourism Act, specifically the key things an agritourism farm should do in order to be protected under that act for the upcoming season.
