

# EVALUATIONS OF RELEVANT IP AND PREPARING FREEDOM-TO-OPERATE OPINIONS FOR CANADIAN CLIENT

For a Canadian client interested in bringing a known consumable food additive into the United States, a Hodgson Russ intellectual property team evaluated a large number of relevant patents related to the process of preparation of that additive. The team then provided a freedom-to-operate opinion, based on which the client was able to proceed with its plans for preparing the product in Canada and bringing it into the United States for sale.
