

DEVELOPMENT OF A \$300 MILLION CLINICAL TRANSLATIONAL RESEARCH CENTER/ BIOSCIENCES INCUBATOR

Mr. Gilbride serves as counsel to Buffalo 2020 Development Corporation, a nonprofit joint venture between the University at Buffalo Foundation and the Research Foundation of the State University of the New York. This entity has been actively engaged in various capital projects in and around the Buffalo Niagara Medical Campus, including development of a \$300-million clinical translational research facility and biosciences incubator for University at Buffalo. Through the utilization of a unique public-private partnership condominium structure, Buffalo 2020 Development Corporation was able to develop this facility by co-location with a working hospital, thereby maximizing operational efficiencies and substantially reducing duplicate costs for both facilities.
