

RANJANA KADLE ELECTED TO BUFFALO MUSEUM OF SCIENCE BOARD OF MANAGERS

June 6, 2007

Ranjana Kadle, practice group leader of Hodgson Russ LLP's Intellectual Property & Technology Group, has been elected to the board of managers of the Buffalo Museum of Science.

Dr. Kadle practices in all areas of intellectual property with particular emphasis on patent prosecution and related opinion work in the biotechnology and chemical fields and on licensing. Her areas of focus include immunology, pharmaceuticals, diagnostics, therapeutics, veterinary diagnostics, and food chemistry. She actively advises clients on a wide variety of topics related to the development of patent portfolios, including international protection of inventions and due diligence investigations. She lectures frequently on topics related to patents and licensing. Prior to law school, Dr. Kadle was active in scientific research and was awarded post-doctoral fellowships from the National Institutes of Health and American Heart Association. During her graduate and post-doctoral tenure, she published several articles in peer-reviewed journals.

The Buffalo Museum of Science, through collections, research, education, and interpretation, provides opportunities for all people to develop a scientific understanding of the natural and cultural world with an emphasis on the Greater Niagara Region.

Hodgson Russ attorneys facilitate transactions around the world and in every substantive area of law, generally structuring multidisciplinary work teams to serve the specific, often complex, needs of our clients. We serve publicly traded and privately held businesses, ranging from multinational Fortune 500 companies and mature service and industrial companies to emerging start-ups and small family businesses; governmental entities; nonprofit institutions; and individuals. Hodgson Russ has offices in New York City, Albany, Buffalo, and Johnstown, New York; Boca Raton and Palm Beach, Florida; and Toronto, Ontario. www.hodgsonruss.com
