Proposed Increases in Salary Exemption Threshold

In proposed regulations that are expected to be adopted, the New York State Department of Labor (“NYSDOL”) has increased the salary level threshold for executive and administrative employees (who must also be paid on a salary basis) to be exempt from overtime. This salary level threshold is higher than that required under the federal Fair Labor Standards Act (“FLSA”). New York does not have a salary level threshold for professional employees. However, professional employees in New York must still meet the salary threshold under the FLSA (currently \$684 each week (\$35,568 annually)).

The New York State salary threshold amounts are:

For New York City, Nassau County, Suffolk County, and Westchester County:

January 1, 2024 – \$1,200.00/week (\$62,400.00 per year)
