

## What Obligates an Employer to Pay Withdrawal Liability

---

*Exhibit City News*  
**11.11.2016**

Withdrawing from a multiemployer pension plan can result in a devastating liability to the employer responsible for making contributions to the plan. It is often a hidden liability that can cost the employer hundreds of thousands, even millions, of dollars.

But what exactly is withdrawal liability, how does an employer become exposed to such liability and when is the liability triggered?
