

# Handling OSHA Inspections

Minnesota Utility Contractors Association Leadership Series – Winter Session, UEL Conference Center, 1000 Westgate Drive, St. Paul, Minnesota  
03.24.2022 | 8:00 a.m. (CT)  
Event Sponsor: Minnesota Utility Contractors Association (MUCA)

Learn the first five things to do when OSHA shows up on-site. How to handle witness interviews of management and non-management employees. What about audio recordings and what steps should I take with the OSHA inspector to ensure I am putting my company in the best possible light. By attending this seminar, you can learn how to be in the 30% of employers who do not receive OSHA citations, even if OSHA conducts a site visit. Also learn how your company's safety record impacts your insurance premiums, your company's ability to bid work, and your company's ability to be pre-qualified.
