

Protecting Your Company's Safety Record

2018 Minnesota Construction Summit, Minneapolis Convention Center, Minneapolis, MN
01.09.2018

This session will focus on: Handling OSHA investigations from the moment Compliance and Safety and Health Officer (*i.e.*, CSHO or inspector) steps foot on your company's job site, through the walk around the site and interviews with your company's employees; how to informally resolve a citation after issued by an enforcement agency, but before a lawsuit is commenced; the most common defenses to a citation; the information you need to assemble to resolve/defend a citation; how to be proactive to minimize the potential for a future citation; and how to resolve a citation and protect your company's safety record.
