PARALEGAL

Overview

The firm's corporate clients appreciate Brittany's (She/Her) adept and efficient contributions to their complex legal issues such as business/commercial litigation, patent disputes, foreclosure proceedings, evictions, construction defects, banking and finance, and labor and employment.

Brittany assists the firm's attorneys in drafting and streamlining the process for a spectrum of legal documents, including summons and complaints, releases, witness lists, exhibit lists, and routine motions. Brittany works with clients to transfer documents and materials during the discovery process, as well as managing the electronic discovery process. Her responsibilities include attending trials and depositions, managing exhibit sharing, and coordinating witness depositions. She also conducts jury verdict research, vetting of potential expert witnesses, and engaging in legal research as required. Brittany ensures transparent communication with clients, providing regular updates on the progress of their cases.
