PARTNER

Overview

Chris always puts his clients' interests first. He is experienced in real estate, land use, eminent domain, property tax, municipal law and development, zoning, construction, corporate regulatory, and environmental law. He understands how to approach the goals and challenges of businesses and institutions in ways that overcome those challenges and meet those goals in a cost effective manner.

Chris also assists public (both municipal and utility) and private (both commercial and nonprofit) clients in all aspects of land regulation, real estate and corporate transactions, eminent domain, finance, governance, contracting, and infrastructure.

Experience

Took the lead in multi-million-dollar remediation and redevelopment projects statewide.

Represented multiple municipal public works and parks departments utilities including sewer utilities, storm water utilities, water utilities, and parking utilities in all matters of eminent domain, land use and environmental regulation.

Negotiated construction contracts and development agreements worth several hundred million dollars for public and private developments.

Represented landowners and businesses in eminent domain issues regarding right to take and value of award from fee simple to leasehold including relocation and lost business.

Represented municipalities on sewer issues, including a coalition of municipalities before the state Supreme Court and Public Service Commission in a \$100 million dispute over rates.

SERVICES
