Protecting Your Data - Challenges & Best Practices

Illinois Chamber of Commerce, Webinar
July 13, 2016 | 10:30 am – 11:30 am

Companies run into a myriad of challenges when trying to implement procedures to protect confidential data. These procedural challenges include: classifying and restricting information, constructing and implementing policies, and staying up-to-date with current technology. Molly will talk about key components of employing a company-wide data security program.
