

Ransomware and Other Cyber-Related Issues

USLAW Network General Counsel and Outside Counsel Forum; Phoenix, AZ
May 2022

All companies have data that threat actors find attractive. No entity can think they are immune to a cyber attack.

Join Molly Arranz as she discusses cybersecurity at the USLAW Network General Counsel and Outside Counsel Forum. During the presentation Molly Arranz discusses how ransomware attacks unfold, how to prepare and respond to a ransomware incident, and gives an overview of data and consumer privacy laws.
