

The Daily Reporter's 2017 Construction Summit

Speaking Engagement
May 4, 2017

We proudly sponsored *The Daily Reporter's* Construction Summit at The American Club and Whistling Straits. This first-time forum was designed to bring community leaders and construction and real estate professionals together for an in-depth perspective on recent commercial development across southeastern and northeastern Wisconsin. Business and community speakers included guests from Uline, the Green Bay Packers, the Bucks, the City of Oak Creek and the Village of Pleasant Prairie.

Attorney, Michael Van Someren, shared perspectives on construction defect disputes and project contract considerations. [Click here to watch the recording of the presentation.](#)
