

Helps a National Multi-Line Insurance Company With Multiple Areas of Representation and Business Operations

Amundsen Davis has helped a national multi-line insurance company with multiple areas of representation and business operations. We have represented the company's C suite with litigation involving the claimed actions of officers of the company, successfully resulting in the dismissal of claims against those individuals. We regularly counsel the company on employment and labor matters, HR policies and operations, and provide guidance on best practices. Our data privacy team counsels the company on best practices in cyber-hygiene, how to prepare for and respond to the constantly-evolving cyber threat landscape, and development of the necessary outward facing privacy disclosures. Our insurance services and transportation group counsels the company on insurance and regulatory issues and best practices.
