

Represented Clients in New Retail Cannabis Licenses in Illinois When Adult Use Recreational Cannabis Became Legal

Amundsen Davis represented clients applying for new retail licenses in Illinois when adult use recreational cannabis became legal. We assisted clients with regulatory and compliance issues, paired them with security and point of sale / inventory partners, counseled them on how to maximize their chances of earning a license, and assisted them in preparation of their applications. The clients all earned the maximum possible points based on their position, location, staffing, and organizational makeup.
