

Chicagoland Healthcare Risk Management Society Elects Jennifer Stuart as President-Elect

May 2015

Chicagoland Healthcare Risk Management Society (CHRMS) elected Jennifer Stuart, member of the firm's health care group, to president-elect for 2015-2016, and president in 2016-2017. CHRMS, an affiliated chapter of the American Society for Healthcare Risk Management, concentrates on advancing and developing the domain of health care risk management. The organization works to promote patient safety and provide tools and education to minimize risk and liability to health care organizations.

With her background working in clinical laboratories, her certification in health care compliance, and her repeated selection to Illinois Super Lawyers "Rising Stars," Jennifer Stuart is well qualified to lead the CHRMS board and to promote the vision of CHRMS. She works diligently with her clients to defend against allegations of medical error, while also helping her clients identify practices or deficiencies likely to lead to systemic or isolated areas of risk. Her work with clients on health care compliance issues provides her with additional insights into the pressures that health care organizations face in trying to deliver quality care. Congratulations to Jennifer and CHRMS!
