We are excited to announce the release of the updated Transportation Compendium of Law provided by USLAW.

The Transportation Compendium is a convenient state-by-state reference, containing many of the most common substantive and procedural issues impacting the transportation industry and related litigation in each state. Written by USLAW member attorneys, including our transportation team, the compendium utilizes the local knowledge in each of the jurisdictions in which USLAW firms practice.

The transportation compendium can be found on USLAW's website here.

And to access a full list of USLAW compendia for other industries, including Construction and Retail, visit USLAW's website here: <https://web.uslaw.org/resources/compendiums-of-law/>
