

How Good Governance Can Drive AfCFTA Forward

Publication

African Business

April 20, 2023

"As the successes of trade blocs in North America and SE Asia show, good governance and investment in human resources can enable African countries to benefit from integration under the AfCFTA." Ngosong Fonkem's article published in *African Business*, goes on to discuss good governance, how investment in human capital drives economic growth and how the free flow of goods, workers and funds benefit member countries.
