

Wiley Rein's Insurance Practice Named a Finalist for 'Legal Team of the Year' by *Business Insurance* Magazine

January 24, 2019

Washington, DC—Wiley Rein's prominent Insurance Practice was named one of five national finalists for "Legal Team of the Year" by *Business Insurance* (BI) magazine in its 2019 U.S. Insurance Awards. The annual awards program highlights exceptional work by insurance professionals in the commercial insurance and risk management sector.

A panel of risk managers will assess 71 finalists in 15 categories, and the highest-scoring team in each category will be announced on March 21 at an awards gala dinner in New York.

The awards event will help raise funds for the BI endowment, which opens new opportunities to provide scholarships, grants, and programming at universities without risk management degree programs, including historically black colleges and universities.

Wiley Rein's Insurance Group is one of the most prominent insurer-side practices in the United States, with a deep bench of 35 lawyers. The team provides strategic counseling and litigation services to insurers on professional liability, general liability, and cyber, technology, and media insurance issues. Insurers rely on the firm's deep knowledge of the insurance industry and persuasive advocacy to achieve results in high-profile and business-critical matters.
