

Introducing Wiley's Trump Administration Resource Center & Guide – Your Essential Tools for 2025

November 13, 2024

As President-Elect Trump's second Administration begins in January 2025, businesses face a critical juncture with potential shifts in regulatory focus across industries and sectors including artificial intelligence, cryptocurrency, public policy, and international trade. Wiley is here to help you stay ahead, prepared, and agile with two essential resources tailored to the needs of today's evolving regulatory landscape.

Wiley's **Trump Administration Resource Center** provides timely analysis, insights, and guidance from our team of experienced legal professionals, designed to keep you updated on real-time developments. This resource is continuously updated to reflect the latest changes and trends in manufacturing, healthcare, technology, and government contracting. Whether you're preparing for increased regulatory oversight or a more relaxed approach, the Resource Center will help you navigate these shifts with actionable intelligence and practical solutions.

Wiley's **Trump Administration Resource Guide** complements the Resource Center with a downloadable, strategic overview designed for quick reference. This Guide highlights anticipated regulatory changes and connects you with the right contacts to help your business adapt confidently. Covering high-impact areas, the Guide provides a focused summary of upcoming regulatory trends and compliance priorities so you can swiftly respond to the most pressing issues affecting your industry.

Practice Areas

- Election Law & Government Ethics
- Environment & Product Regulation
- Government Contracts
- International Trade
- Litigation
- National Security
- Privacy, Cyber & Data Governance
- Telecom, Media & Technology
- White Collar Defense & Government Investigations

We're committed to keeping you informed and empowered, helping you meet new compliance and risk management demands. With Wiley's deep-rooted understanding of Washington and global impact, you'll have the insights and foresight to manage challenges in 2025 and beyond.
